

Certificates of Deposit Marketplace

What is the CD Marketplace?

Certificates of deposit are available for purchase within the Landing Rock Insured Deposit Account. Search for federally insured CDs offered by well capitalized banks and credit unions nationwide, with insurance coverage up to \$50 million. No more than \$250,000 is held in any single institution. The Insured Deposit Account ('IDA') seeks to provide a competitive level of interest in federally insured institutions with liquidity, safety and 24/7 access to account information. Deposits in the IDA are distributed among multiple 'well-capitalized' banks and credit unions as defined by FDIC and NCUA regulations. By spreading your deposits among multiple institutions, both the IDA and the CD Marketplace is able to offer a higher level of federal insurance coverage compared to if you placed your deposit in a single banking institution.

Main Features:

- Each investor maintains a single Insured Deposit Account.
- Search for CDs issued by banks and credit unions nationwide by term.
- Investor cash in each CD stays below the federal insurance limit, currently \$250,000.
- Insured Deposit Account holders can also purchase certificates of deposit.
- Interest is deposited into your IDA in accordance with the type of CD.
- Competitive rates, and varied terms.
- Convenience of a single statement.
- May be suitable for fiduciaries required to invest solely in U.S. government-guaranteed or insured investments.
- Website access to trading, account information, and reports.
- Proceeds from matured CDs are automatically deposited into your IDA.
- Create laddered CDs with a few clicks of a button.
- Receive automated notices when your CDs are about to mature.

Insured Deposit Account

Cash is allocated to 'well capitalized', FDIC Insured banks and other federally insured institutions throughout the U.S. at no more than \$250,000 per institution.

Example: Landing Rock IDA with \$1,000,000

\$240,000
\$240,000
\$240,000
\$240,000
\$40,000
